# RV/Trailer GAP Protection protects you from the “gap.”

## What is the “gap”?

In the event of RV/Trailer theft or an accident that results in a total loss, most insurance companies only reimburse the owner for the market value of the unit. This, along with the deductible, can create a significant gap between what your insurer will pay you and the balance on your loan or lease.

## GAP Protection eliminates this “gap”

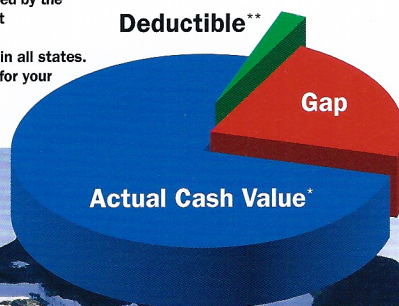

### GAP Example:

Loan/Lease Balance	\$125,000
Actual Cash Value*	- \$115,000
Gap	\$10,000
Insurance Deductible**	+ \$1,000
Potential Expenses	\$11,000
Out-of-pocket expenses with GAP	\$0

The claim calculation above is an example used for illustrative purposes only. Please read your program agreement for a complete list of all coverages, exclusions and limitations.

\* Actual cash value is generally determined by the primary insurer, however, some contract definitions may vary.

\*\* Deductible coverage is not permitted in all states. Please read your program agreement for your specific coverages.

## Be a smart consumer!

Because of common risks associated with theft, collision and natural disaster, the chances of your unit being involved in a total loss are greater than you think. With GAP Protection, you can be confident your deficiencies or deductibles will be waived.

## Trust the evidence

RV/Trailer GAP Protection is administered by Safe-Guard Products International, LLC, which currently provides loss protection for recreational vehicles in the United States and Canada.
